Sec. 2. Subject to the provisions of Section 1 of this Act and the adoption of a formal resolution of transfer by the Texas Parks and Wildlife Commission, and after the effective date of this Act, the Parks and Wildlife Commission shall assume all of the powers, duties and authority heretofore granted to the Board of Managers by Chapter 58, Acts of the 53rd Legislature, Regular Session, 1953 (Article 6550(a), Vernon's Texas Civil Statutes), insofar as such powers, duties, and authority are not inconsistent with any other provision of this Act. Sec. 5. The provisions of this Act shall take effect on September 1, 1971.

HSR 506—REFERRED TO COMMITTEE

(Amending the House Rules concerning the consideration of the general appropriations bill)

Mrs. Farenthold offered the following resolution:

HSR 506

Whereas, The appropriation of state funds to the various state institutions, agencies, departments, commissions, and other state bodies is one of the major functions of the Texas Legislature, and one of the most important checks exercised by the Legislature on the performance of the various bodies, whether within or independent of the Executive Branch; and

Whereas, Members of the House of Representatives are directly accountable to their own constituents with regards to the allocation of state

funds within their legislative districts, as well as that allocation of funds throughout the whole state; and

Whereas, Sufficient time is required in order for Representatives to be able to thoroughly study a proposed General Appropriations Bill, approved by the House Committee on Appropriations, in conjunction with the financial needs of their legislative districts and the financial needs of the state; and

Whereas, Sufficient time is needed in order for Representatives to be able to compare a proposed House General Appropriations Bill with that proposed by the Legislative Budget Board, with that proposed by the Governor, with that requested by the various state divisions, and with that appropriated by the state in a preceding Session; and

Whereas, Although the Governor issues the executive budget recommendation early in a Session, as required by the Texas Constitution, Article IV, Section 9, and although the Legislative Budget Board issues its budget recommendation early in a Session, as required by Article 5429d, Section 5 of Vernon's Texas Civil Statutes, Representatives have not had adequate time, in the past, in which to become familiar with a proposed House General Appropriations Bill; now, therefore, be it

Resolved, That the following be added to Section 16, Rule XIX of the House Rules:

"After the Proposed General Appropriations Bill has been approved by the House Committee on Appropriations and delivered to all Members of the House, one week, or seven (7) days, shall pass before said bill may be scheduled for consideration by the House."

The resolution was referred to the Committee on Rules.

HSR 529—REFERRED TO COMMITTEE

(Creating an interim committee to study state technical-vocational education program)

Mr. Bynum offered the following resolution:

HSR 529

Whereas, There is a pressing need for coordination in the state-supported technical-vocational education program in Texas; now, therefore, be it

Resolved, That the House of Representatives of the 62nd Legislature of the State of Texas hereby create a special interim committee of nine Members of the House of Representatives, to be appointed by the Speaker of the House, to study the state technical-vocational education program; and, be it further

Resolved, That the committee may call upon the Advisory Council for Technical-Vocational Education, the State Board of Education and the Texas Education Agency, and the Coordinating Board, Texas College and University System, for assistance and advice in this study and shall sit at such times and places between the adjournment of the 62nd Legislature

and the date of the convening of the Regular Session of the 63rd Legislature as the committee may deem necessary and proper; and, be it further

Resolved, That the committee be provided with subpoena powers and that the staff of the Texas Legislative Council be requested to assist the committee in this study; and, be it further

Resolved, That actual expenses and other necessary expenses of the committee shall be paid from the Expense Fund of the House of Representatives; that the committee shall prepare a budget for its operating expenses, which shall be submitted to the House Administration Committee, and no expenditures shall be made until the budget has been approved. Prior approval of nonbudgeted expenditures shall be obtained from the House Administration Committee; and, be it further

Resolved, That the committee shall make its complete report, including findings and recommendations, with drafts of any proposed legislation, to the 63rd Legislature at the Regular Session in January 1973, and that five copies of the completed study shall be filed in the Legislative Reference Library and five copies filed in the office of the Texas Legislative Council. Following official distribution of the committee report, all remaining copies shall be deposited with the Legislative Reference Librarian.

Signed: Bynum, McAlister, Poerner, Salter, and Wyatt.

The resolution was referred to the Committee on Resolutions and Interim Activities.

HSR 516—REFERRED TO COMMITTEE

(Creating an interim House Water Committee)

Mr. Clayton and Mr. John Allen offered the following resolution:

HSR 516

Whereas, The proper distribution of the water resources of the state is one of the most pressing issues facing the state government; and

Whereas, Numerous unsolved problems continue to exist in the area of water resource development; and

Whereas, Failure to give continued consideration to these problems and their solutions will cause the state to fall behind in the development of its water resources for the benefit of the people; now, therefore, be it

Resolved by the House of Representatives, That the Speaker of the House of Representatives appoint an interim House Water Committee; and, be it further

Resolved, That the Speaker of the House shall appoint five Members of the House of Representatives, including one designated as chairman, to serve on the interim study committee; and, be it further

Resolved, That the committee shall:

(1) study the water situation in the state and the federal and state proposals concerning it;

(2) study the changes that may be needed in state statutes concerning water protection and development;

(3) study the organizational structure of all state water agencies and the administration of state laws relating to water;

(4) study alternative methods of financing the Texas Water Plan;

(5) hold hearings throughout the state, explaining the major water problems in the state and the proposals for solving them to those attending the hearings and consider alternative proposals from interested Legislators and from the public;

(6) review major water legislation enacted by the 62nd Legislature; and, be it further

Resolved, That the Texas Water Development Board, the Texas Water Quality Board, and the Texas Water Rights Commission be requested to work with the committee and its staff, providing information useful in understanding the present water situation in the state and the federal and state proposals concerning water; and, be it further

Resolved, That the committee be authorized to hold such meetings as it considers necessary; summon and compel the attendance of witnesses and the production of documents and records; and administer oaths and affirmations to witnesses; and, be it further

Resolved, That the committee may meet and cooperate fully with any interim committee of the Senate or the House studying the state's water problems and with any other organizations concerned with water resources development; and, be it further

Resolved, That the staff of the Texas Legislative Council be requested to serve as staff for the study committee; and, be it further

Resolved, That the operating expenses of the committee shall be paid from the Expense Fund of the House of Representatives and that committee members shall be reimbursed for their actual expenses incurred in carrying out the provisions of this Resolution; the committee shall prepare a budget for its operating expenses, which shall be submitted to the House Administration Committee, and no expenditures shall be made until the budget has been approved. Prior approval of nonbudgeted expenditures must also be obtained from the House Administration Committee; and, be it further

Resolved, That the committee shall make its complete report, including findings and recommendations and drafts of any legislation deemed necessary, to the 63rd Legislature when it convenes in January 1973. Five copies of the completed report shall be filed in the Legislative Reference Library and five copies shall be filed in the office of the Texas Legislative Council; following official distribution of the committee report, all remaining copies shall be deposited with the Legislative Reference Librarian.

The resolution was referred to the Committee on Resolutions and Interim Activities.

HSR 517—REFERRED TO COMMITTEE

(Creating an interim committee on landlord-tenant relationship)

Mr. Truan offered the following resolution:

HSR 517

Whereas, A substantial number of Texans dwell in rented or leased premises; and

Whereas, The economic interests of both landlords and tenants are inextricably commingled and dependent upon a predictable and orderly process defining and establishing legal rights, duties, and obligations of each landlord and tenant; and

Whereas, The landlord-tenant relationships, because of their large number and vast amounts of moneys exchanging hands, affect the Texas economy; and

Whereas, Although Texas landlords have endeavored to create an amenable relationship with their tenants, landlord-tenant relationships have frequently failed to produce an equitable association; and

Whereas, The landlord-tenant interests are regulated by disparate statutes and the common law; now, therefore, be it

Resolved by the House of Representatives of the State of Texas, That the 62nd Legislature hereby create a special interim committee to study the landlord-tenant relationship and to determine the feasibility and desirability of establishing a State Landlord-Tenant Code; and, be it further

Resolved, That the committee shall be composed of nine (9) members: the Speaker of the House shall appoint five (5) Members of the House of Representatives and four private citizens whose interests lie in the landlord-tenant relationship. Of the four private citizens, two shall represent the interests of the landlords and two shall represent the interests of the tenants. The committee shall elect one of its members to serve as chairman. The terms of all members shall commence with their appointment and shall terminate on the convening of the 63rd Legislature in Regular Session in 1973. Vacancies occurring after appointment from any cause may be filled by the Speaker of the House; and, be it further

Resolved, That the staff of the Texas Legislative Council be requested to serve as staff for the study committee; and, be it further

HSR 513—REFERRED TO COMMITTEE

(Creating an interim Capitol Exterminating Committee)

Mr. Hull offered the following resolution:

HSR 513

Whereas, At various times of the year and, certainly, every biennium, the State Capitol is invaded by assorted and sundry pests, insects, and varmints; and

Whereas, The dignity and majesty of the Capitol of the State of Texas should be preserved at all times for the benefit of the citizens of Texas, visitors of the Capitol, state employees, state officials, and custodians; and

Whereas, The Capitol Police Force is an outstanding unit of dedicated and hardworking men, but its efforts to police the spread of Capitol creatures has been noticeably unsuccessful; and

Whereas, The Board of Control has also made a gallant attempt to control, by the use of boards and otherwise, the annual and biennial invasion of despicable and dastardly darters, but these diminutive demons have remained undaunted; and

Whereas, The Capitol pest problem has proliferated to such an extent that legislative observers and visitors to the Capitol have been frequently overheard to remark that the Capitol is an unsightly collection of men and mice, representatives and rodents, giants and germs, bears and bugs; and

Whereas, Since all human efforts have now failed to avert the zoological crises of the State Capitol, the House of Representatives of the State of Texas feels that the creation of a committee is the only solution to this perplexing problem of pest population control: if a committee can't scare them off, then nothing can!; now, therefore, be it

Resolved, That the House of Representatives of the 62nd Legislature hereby create a special study committee to be called the Capitol Exterminating Committee; the committee shall be charged with the responsibility of controlling and eradicating all insects, varmints, and pests which inhabit the halls of the Texas State Capitol, including ants and arthropods, bats and beetles, crickets and cockroaches, rodents and reptiles, worms and weasels, and any other undesirable Capitol creature which flies by night—or day—or which stalks the stately halls of the Capitol in search of innocent

victims without a clearance pass, regardless of whether such creatures are four-legged, two-legged, or multi-legged; and, be it further

Resolved, That the Speaker of the House shall appoint five Members of the House of Representatives to serve on the committee, who are specialists in dealing with undesirable creatures, parliamentary pests, or strange birds with weird bills; and, be it further

Resolved, That the committee shall make its complete report, including findings and recommendations and drafts of any legislation deemed necessary, to the 63rd Legislature when it convenes in January 1973. Five copies of the completed report shall be filed in the Legislative Reference Library and five copies shall be filed in the office of the Texas Legislative Council; following official distribution of the committee report, all remaining copies shall be deposited with the Legislative Reference Librarian.

The resolution was referred to the Committee on Resolutions and Interim Activities.

Whereas, The planning, construction, renovation and assigning of offices was directed by Representative Will L. Whereas, Representative Smith was ably assisted by Representative James Stroud of Dallas and Representative Lindon Williams of Houston; and

Whereas, For the first time since Texas became a state in 1836, House Members have been provided sufficient space for conferences with constituents and working space for their office staffs, and the morale, decorum and efficiency of the House has increased greatly because of these facilities; and

Mr. Lemmon offered the following committee amendment to the bill:

Committee Amendment No. 1

Strike everything below the enacting clause and substitute the following:

Section 1. Art. 342-903, "Branch Banking Prohibited", Revised Civil Statutes of Texas, 1925, as enacted by Chapter 123, Sec. 1, Acts 1959, 56th Legislature as amended, is amended to read:

"Art. 342-903. Branch Banking Prohibited.

"No state, national or private bank shall engage in business in more than one place, maintain any branch office, or cash checks or receive deposits except in its own banking house. For purposes of this Article 'banking house' means the building in whose offices the business of the bank is conducted and which is functionally one place of business, including (a) office facilities whose nearest wall is located within five hundred (500) feet of the nearest wall of the central building and is physically connected to the central building by tunnel, passageway or hallway providing direct access between the central building and the connected office facility or by pneumatic tube or other similar carrier, and (b) in addition, if authorized in the manner hereinafter provided, not more than one (1) automobile drive-in facility whose nearest boundary is located within one thousand eight hundred fifty (1,850) feet of the nearest wall of the central building but more than five hundred (500) feet therefrom and is connected to the central building by tunnel, passageway or hallway providing direct access between the central building and the connected automobile drive-in facility or by pneumatic tube or other similar carrier. The entire banking house shall for all purposes under the law be considered one integral banking house. The term 'automobile drive-in facility' as herein used shall mean a facility offering banking services solely to persons who arrive at such facility in an automobile and remain therein during the transaction of business with the bank.

"An automobile drive-in facility whose nearest boundary is located within one thousand eight hundred fifty (1,850) feet of the nearest wall of the central building but more than five hundred (500) feet therefrom shall be authorized only in the following manner: Written application for authority to operate the same shall be filed with the Commissioner by the bank proposing such facility, which application shall specify the location of the proposed facility. Promptly upon the filing of such written application the Commissioner shall, by registered United States mail, postage prepaid, notify each bank, if any, whose central building is situated within a one (1) mile radius of said proposed facility, hereinafter called the 'Interested Banks', of the filing of such application, transmitting with such notice a true copy of said application. If within thirty (30) days following the mailing of such notice no written protest to the operation of the said proposed facility has been filed with the Commissioner by an Interested Bank, or, if there are no Interested Banks, said proposed facility shall thereupon be fully authorized without the necessity of any further action by the applying bank or by the Commissioner. However, if a written protest to the operation of said proposed facility is filed with the Commissioner during said thirty (30) day period by one or more of the Interested Banks, said application shall be promptly considered by the State Banking Board at a public hearing duly called, noticed and held in the same manner as hearings to consider applications for the granting of bank charters, and authorization to operate said proposed facility shall be granted at such hearing unless the State Banking Board shall find that the operation thereof will substantially and adversely affect one or more of the Interested Banks, in which case authorization shall be denied. National banks and private banks doing business in this state shall voluntarily submit to the jurisdiction of the State Banking Board, and abide by the determination of the Board as to whether or not permission should be granted to establish and operate an additional drive-in facility authorized under this Article, provided that any national

bank which does not abide by the determination of the Board shall immediately forfeit all rights it may have under state law to act as reserve depository for any state chartered bank and to act as depository for the public funds of the state and any county, city, municipality, school district or any other political subdivision of the state, and such funds shall be immediately withdrawn by the depositor and shall not be deposited thereafter in said national bank unless and until the Commissioner certifies to the depositor that said national bank is conducting its business in compliance with the Board's determinations and orders. In addition the Attorney General shall seek an injunction against any violation of the Board's orders under this Article by any national bank or private bank."

Section 2. If any provision, section, sentence, clause or part of this Act or the application thereof to any person or circumstance is held invalid, such holding shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application and to this end the provisions of this Act are declared to be severable.

Section 3. All laws or parts of laws which are in conflict with this Act are hereby repealed or modified to the extent of such conflict only.

Section 4. The need for modernization and clarification of the Texas Banking Code of 1943, so that banks may better serve their communities, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.

Mr. Ogg offered the following amendment to Committee Amendment No. 1:

Amend Committee Amendment No. 1 to SB 409, Second Printing, by inserting on line 18, page 2, between "addition," and "if" the following: "in a county having a population of at least 1,000,000, according to the last preceding federal census,".

The amendment was adopted without objection.

Committee Amendment No. 1, as amended, was adopted without objection.

SB 409, as amended, was passed to third reading by the following vote:

MESSAGE FROM THE SENATE

Austin, Texas, May 19, 1971

Honorable Gus Mutscher, Speaker of the House of Representatives

Sir: I am directed by the Senate to inform the House that the Senate has passed the following:

SCR 102, By Aikin, et al: That the fixed policy of this state shall be that the State of Texas shall carry its own insurance on University of Texas System buildings, etc.

Respectfully,
CHARLES A. SCHNABEL
Secretary of the Senate

SB 146 ON SECOND READING
(Mr. Hale—House Sponsor)

The Speaker laid before the House on its second reading and passage to third reading,

SB 146, A bill to be entitled An Act providing that in all actions brought to recover damages for personal injuries, injuries resulting in death, or injury to property, the contributory negligence of the person injured, or his agent, or the owner of the property, or person having control over the property, shall not be a complete bar to the recovery of damages, but such damages shall be diminished by the jury in proportion to the contributory negligence shown; and providing that all questions of negligence and contributory negligence shall be for the jury to determine; repealing all laws, parts of laws, and rules of practice in conflict therewith; containing a saving clause; and declaring an emergency.

The bill was read second time.

Mr. Hale offered the following amendment to the bill:

Amend SB 146 by striking all below the enacting clause and substituting the following:

Section 1. Contributory negligence shall not bar recovery in any negligence action if such contributory negligence is less than the negligence of the person or persons jointly against whom recovery is sought. In the event that the person seeking recovery, or a decedent in a death action, is found to be less negligent than the person or persons jointly from whom recovery is sought, any legal damages awarded shall be reduced by the jury in its verdict by the percentage of negligence attributable to the person seeking recovery; and the court shall so instruct the jury by reading the foregoing paragraph.

Sec. 2. In comparative negligence cases, wherein recovery is sought against more than one party and the causal negligence of the party seeking an affirmative recovery is less than the negligence of all the parties from whom recovery is sought, contribution to the damages awarded shall be in proportion to the percentage of negligence attributable to each party from whom recovery is sought. Any defendant or defendants shall be entitled only to an offset from said entire award of any sum paid in settlement to the party seeking recovery by any other alleged tort-feasor who is not then a party to the suit. All claims for contribution and indemnity, not based on contract between defending parties, over which the Texas courts have in personam jurisdiction, must be determined in the primary suit.

Sec. 3. If any word, phrase, clause, provision, sentence, part or parts of this Act shall be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the validity of the remaining parts of this Act and all remaining parts shall be valid. The Legislature hereby declares that it would have passed the remaining parts of this Act if it had known that such word, phrase, clause, provision, sentence, part or parts thereof would be declared invalid or unconstitutional.

Sec. 4. Article 2212, Revised Civil Statutes of Texas, 1925, is hereby modified or repealed to the extent, and only to the extent, of any conflict with the provisions of this Act. Nothing herein shall be construed to repeal Acts 1931, 42nd Legislature, Regular Session, Chapter 225 (Article 6701b, Vernon's Texas Civil Statutes).

Sec. 5. The fact that grave injustice is constantly being worked upon persons in this state injured in person and property by the negligence of others due to the fact that under existing law there can be no recovery of damages by the person so suffering injury or damage if he be in any degree contributorily negligent, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended and that this Act shall take effect and be in force for all negligence actions arising after the date of its passage, and it is so enacted.

Mr. Pickens moved that consideration of SB 146 be postponed until 10:00 a.m., May 26.

Mr. Hale moved to table the motion to postpone.

A record vote was requested.
